As I mentioned in my previous e-mail, the purpose of the meeting is to create a REMS proposal which we will present to FDA officials when we meet with them. We still do not have a date established for the FDA meeting. I will let you know as soon as I find out.

The Agenda for the February 24<sup>th</sup> Meeting is:

1. Summary of PCF REMS Task Force process
2. Recent information regarding REMS process as stated by the FDA at the February 10<sup>th</sup> meeting
3. Outline of FDAAA statements regarding REMS
4. Discussion of REMS Task Force defined goals and principles
5. Work on the proposal: Creating a proposal that meets our goals, follows our principles, and appears workable with FDA goals
6. Strategy and content for FDA meeting

See you soon.
